

## PoP15 Time to Say Goodbye??

I never imagined I'd draw the one-day event over three episodes. I'm getting a little sick of having everyone in the same outfits. (Laughs) But this finally made his appearance. I've said that I was sure to draw him in my satisfaction. So, he's like the story is unfolding more rapidly as it comes closer to the end. CP all the new episodes, the little soldier, this is my favorite! I also had fun drawing Sotou in her school uniform. In this episode, the cover page will come digitally. Since this was my first time using the digital graphic program on a cover illustration, I feel nervous. I designed Nina's outfit based on Pink Lotus Ltd. — A brand name. All right...

# Hello!

Here to show I'm waiting  
for the first issue and  
to show I'm told this is  
Allright kids.

Another! Lollipop volume  
4 is out! I put out some  
new books in 2004!  
That's great!

Once again, I'm including  
new inserts, new talks,  
four-draw manga,  
requested illustrations  
and character profiles.  
There are also some  
stories in this volume! This  
is all due to your support.  
Thank you.

Now I hope you'll like this  
volume. Sorry.

Let me  
say this.  
Now! You're  
bothering  
me-sense!

It doesn't make  
any sense to  
refuse this position.  
Saying the  
Pearl will help her  
protect you!

Don't  
worry  
about it.

It'll help you  
protect me  
without the  
Pearl... she  
says for right.

As I keep  
breathing...

124

You're not  
bothering me  
at all.

Okay...

Good...

But  
what  
should I  
do with  
this?

I want to  
stay with  
you.

So he  
says.  
♡

Yee-  
hee!

I want to  
stay with  
you.

I'll hold  
on to it for  
now.

**POP 16** Changing the Future

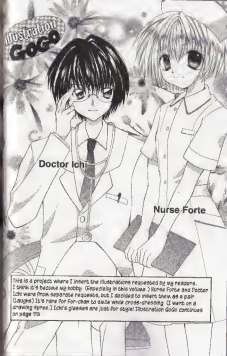

## POP 16 Changing the Future

It was tough to draw this episode with the additional magazine cover, colored opening page and a side story, "Looka to It Down up", but I was delighted the cover page was something I had hoped to do for a while as I'm happy with it.

For once (?!), the heroine is hanging tough in this episode. I'm glad that she's enduring since she doesn't usually do things on her own. I like both sides of the double-page layout, and the way Kira looks at Rei. I love the Zoro and Ichigo posing, too.

This is when I realized this series will eventually come to an end and that was sad. It's far from over, though.

This is a project where I insert the illustrations requested by my readers. I think it's become my hobby. (Especially in this volume.) Nurse Forte and Doctor Ichigo were from separate requests, but I decided to insert them as a pair. (Laughs) It's nice for Ichigo to talk while cross-dressing. (I want on a drawing spree.) Ichigo's glasses are just for digital illustration GOGO continues on page 110.

I got it!

Take it  
and get out  
of here!  
Pleaser!

Hand over  
the Crystal  
Pearl!

THE LAST

Sam is...  
Wing, right...?

What  
Wing didn't  
you stop  
him?

Wings!

Oh,  
you'll  
open  
up the  
wound.

Are you  
all right,  
Zero?

Oh...

...I think  
we lost  
him.

You could  
have if you  
wanted  
to...

She probably  
didn't want  
you to suffer  
anymore.

Even King  
said...she  
didn't need  
the poison...

"What  
happened?"

Pasta

there...

Big tone  
specifi-

pretty  
naïve!

Just specify  
something...

Something

Something

You can decide...

Get the  
measures  
right away...

Pasta  
something  
there...

What  
does  
"specifi-  
cally"  
mean?

Just  
to  
specify...

I'm so sorry...everybody.

...as the  
cousin gets  
tougher!

And  
might...get  
injured like  
you...

We don't  
want to  
put her in  
danger.

That was  
the best thing  
to do...

...to  
protect  
her truly.

...right?

7

We should do  
so no matter  
what!

We  
promised  
to protect  
Final!

I don't  
get it!

Don't  
touch  
me!

See, you  
shouldn't  
be...

Zero!

See...

ugh... it

I thought  
you wanted  
to stay with  
Final!

Of course I do!

I heard  
Zero-kun  
and Shi-kun  
are absent  
today!

Ah,  
cool!

Maybe they  
got a cold? I  
want to pay  
them a sick  
visit.

Not  
now  
tough!

Yes, I  
don't  
know  
where  
they live.

Yes,  
do you  
know?

Yes!

Wow?

Damn  
it...

Damn  
it...

Sorry...I  
don't know...

But  
they're  
not there  
anyone...

Ah...

It's about  
Sero-kun  
and Ichii-  
kun's  
address.

Oh, I'm  
sorry. What is it?

Just,  
what's  
wrong  
with you?

You know  
where  
they live,  
right?

What  
for  
not

What  
for  
not

...To have  
no one  
beside me...

To have  
nobody  
with me...

Dude! Where did they go?

That way!

Invisible on the outside →

Hidden Tunnel

The attack is almost over. Everyone must be desperate.

There seem to be more enemies coming after us.

I think we got them...

Three diggs left to go.

Yeah...

What?

I understand why you miss Tom and Jane.

What?

What are you waiting for, Aunt?

It's been exactly six months since I met them...

Let's get your spirit up with some sweets!

Today is the...

I wonder how they did...

aren't they rare?

Oh, I know those candies!

Oh-Thank.

Did you know? They eat this kind of rock candy...

They come in different flavors.

...A surprise!

Really?

What,  
what?

Ohhhhh  
ohhhh  
ohhhh

I  
remember  
that...

It's  
cute.

It's  
called a  
bibiop.

Oh I  
know!

Oh, that  
kind of  
kissed  
sense.

They  
really  
are  
cute,  
Lily.

I think soda  
pop and cold  
flavors are for  
Zero and Ichi.

Then you  
must be  
orange!

These  
remind me  
of us.

Fun-chan  
is a girl!

Fun-chan  
there's no  
green tea  
scented  
soda!

Fun-chan  
is a boy!

There's  
nothing  
scented  
soda!

And it  
makes us  
want to stay  
together...

We have Fun  
because of  
what makes us  
different.

Then you  
know  
what will  
happen  
to us.

You can  
see the  
future,  
right?

Yes,  
but...

Will  
I...ever  
see them  
again...?

I see...

Thank...

Get  
out!

...is  
unforeseeable.

Your  
future...

.....

I don't know  
exactly what'll  
happen...

Explain  
this to me,  
Sis ~!

Impossible  
being 'it' that  
does this  
again?!

Your actions  
determine your  
future.

That's  
what I  
said...

stop...

I can't let it  
end this way.

I'm going  
to look for  
them!

Yeah...  
I'm  
sure.

Are you sure  
about this?  
You'll be in  
danger!

...kind

Oh...

Thanks,  
and I'm on  
my way!

But...

I want to tell  
them  
how I  
feel...

don't  
want  
to  
be  
apart

My  
sister  
can  
change  
the  
future?  
...

What  
do I  
want  
to do?

I want us  
to stay  
together.

too  
deliberately  
didn't show  
her the  
future, did  
you?

So  
strong

I believe...

she can  
create a  
new future,

Why did  
you do  
that?

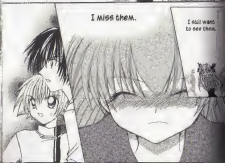

No.

Because  
I thought  
she can  
change it.

Getting  
hand over  
the Dragon  
Pearl

Get  
that's  
over  
now.

You paid  
us a lot of  
trouble

If you don't  
want our Ice  
Dragon to eat  
you alive.

Damn it!  
We've  
come this  
far...

Ahh,  
god,  
die.

Wasn't I right  
about them running  
out of power,  
Big sis?

We don't  
have any  
power left  
to fight

Agh...

## Force It on the Character

The creator forced it on us because she ran out of ideas.

We did it, 'twice!  
We made it so the four-pronged wings!

What are you talking about? We're in the book.

But I don't care. We didn't have any lines in episode 4.

None, right none.

Well, wasn't it?

Check out the final panel on page 40. ☺

That's it, huh?

Serial  
Tent!

The  
Finally  
found  
you...

None...

I came to  
tell you  
something.

Yes...  
What are  
you doing  
here...?

You're finished,  
Zero, Ichiji!

Please!  
Don't give up!

...protect  
you.

We want  
to...

We become  
strong by  
devoting  
ourselves to  
someone.

Now and  
forever.

We want to  
stay with you...

So we'll...

Do everything  
in our power to  
protect you until  
the end

...and a fight...

Because  
they fought  
bad boys

...so need  
me now!

Quig!

## POP 17 Passing the Magic Exam?!

I drew this cover page with a picture we could expect in the beginning of the end in my mind. This seemed to be a fitting layout that was never done before and I think it was pretty good! It was also offered in a form of a pencil board at the A Fall in 2004. There was a bunch of other merchandise, too!

In this episode, the big magical exams around with the characters that appear for the first time of *Mamotte! Lollipop*. And now we have a new character and new developments. I hope everyone will enjoy the new story as well.

## Pop 18 Boogie Woogie I Love You!

Now we're ready entering the new chapter of the story.  
I love the cover page. I've always wanted to do one  
sitting of paper! Oh I feel I could have drawn better...  
My favorite is Zero looking slightly embarrassed

Relationship's changed a bit in the story... I like the  
relationship between Zero, Ichi and Pearl. Pearl turned  
out to be more rowdy than I had expected, but I think  
he's closer the way he is. I guess Tom-chan is the main  
focus of this episode. Here...

# Q&A

- Q. Have you decided on the ending?
- A. I have all the details and really want to draw it now! ... It probably won't happen that way... But I can assure you that it'll have a happy ending. It'll be whatever it is goes as planned!
- Q. What are those things in Rikku's hair? Does she put her hair in buns?
- A. Those are hair accessories, but hair isn't in there. Maybe she puts them in occasionally. (Laughs)
- Q. Didn't Taro sell off his skateboard ...?
- A. He did but Ichi bought it back for him. For details, please read page 163 of POP 9 in volume two. (It's in Ichi's line.)
- Q. Are you using a fashion magazine as a reference for the characters' outfits?
- A. I want to dress them in that type of outfit, but I don't really look at them when I draw. I tend to design them myself.

## Rokka Is All Grown Up!

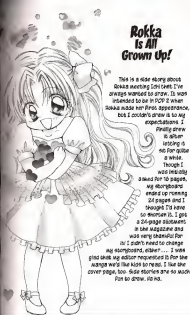

## Rokka Is All Grown Up!

This is a side story about Rokka wanting Dohji-chan. I've always wanted to draw. It was intended to be in POP 2 when Rokka made her first appearance, but I couldn't draw it to my expectations. I

finally drew it after letting it sit for quite a while.

Though I was initially a dead for 10 pages, my storyboard ended up running 24 pages and I thought I'd have to shorten it. I got a 24-page slot in the magazine and was very thankful for it! I didn't need to change my storyboard, either!.... I was

glad that my editor requested it for the jump we'd like kids to read. I like the cover page, too. Side stories are so much fun to draw. He he.
